

# How To: **Petition for Traffic Calming**

## 1 Reach Out

TrafficCalming@a2gov.org | 734-794-6429

Discuss the requested project area with staff and help ensure a positive traffic calming process

Use any combination of the following methods:

### Traditional Paper “Petition for Traffic Calming Measures”

Populate the petition PDF with project area details and utilize local print store or print from home

Knock doors to circulate the petition and gather signature in-person

### Postcard Petition

Populate the postcard PDF with project area details and utilize local print store or print from home

Mail or hand deliver to your neighbors. The City of Ann Arbor will provide an address list of your requested project area, upon request

### Online Petition

Provide requested project area and petitioner contact information - the City of Ann Arbor will then develop an online survey and provide the link for your use, upon request

Allows a no-contact, electronic petition process

**Complete and return the “Request for Traffic Calming Measures” and all signatures to the City**

City of Ann Arbor Public Services Area  
Attn: Engineering / Traffic Calming Program  
PO Box 8647  
Ann Arbor, MI 48107-8647

Scan or Fax: TrafficCalming@a2gov.org

**Your petition will be evaluated by City staff**

## 2 Gather Signatures

*Note: Petitioner contact information will be made public*

## 3 Return Documents

|           |            |         |      |                          |
|           |            |         |      |                          |
|           |            |         |      |                          |
|           |            |         |      |                          |

Please note:

1. Petitioners are encouraged to contact [TrafficCalming@a2gov.org](mailto:TrafficCalming@a2gov.org) to discuss the project area to help ensure a successful traffic calming process.
2. Traffic calming program criteria require that this petition include signatures from a representative (renter or owner) of at least 50% of all project area addresses.
3. Only one signature per address will be counted in tallying qualification criteria.
4. By legibly providing your email address you will be added to a distribution list for this project. You may request removal at any time.

Please attach additional signature pages as needed. Visit [a2gov.org/TrafficCalming](http://a2gov.org/TrafficCalming) for more information.

# Request for Traffic Calming Measures

Please submit this request and a completed petition form to be considered for the Traffic Calming Program. The following statements will help city staff to understand your request.

1. Identify the requested street or area to be considered for traffic calming measures.

---

---

---

---

---

---

---

2. Describe existing traffic concerns (speeding, volume, etc.). Please include a description of who is involved (a certain kind of driver, most drivers, etc.), who is affected (pedestrians, homeowners, other drivers, etc.), and the days and/or time of day when the traffic concern is most prevalent.

---

---

---

---

---

---

---

3. List any neighborhood characteristics that may be pertinent to the traffic concern. Some characteristics may include school and business location with respect to traffic area, use of area by pedestrians or bicyclists, geometry of road, etc.

---
