admission coupons only). Discount coupons sold at
the arena.

SKATING/HOCKEY PROGRAM

The Ann Arbor Parks and Recreation Services
Instructional Skating/Hockey Program is an official
participant of the U.S. Figure Skating Basic Skills Test
Program. This is a series of nationally administered
badge tests used to measure skating skills. These
tests provide a non-competitive way of measuring
skating skills and a feeling of self-achievement.

All students in our Kinderskate, Beginner,
Intermediate and Advanced classes will be tested on
the badge skills and awarded badges when the skills
have been successfully completed. Badge testing
for adults is optional. All participants have several
chances to demonstrate each skill that must be
mastered before advancing to next level.

*All participants must register with USFSA. A one-
time fee of \$10 is good from Sept. thru August. The
fee must be included with your registration, and can
be paid for at the time of registration.

GROUPS/CLASS LEVELS

Students in these classes are put together by age and
ability in groups of approximately 10. Each group has
its own instructor. Students ages 6 and older who
have never earned U.S. Figure Skating badges will
have to register for a beginner class until such time
as they have earned the number of badges needed to
qualify for a more advanced class.

SKATES, APPAREL, HELMETS

Figure skates are recommended for beginners,
however a good pair of hockey skates is acceptable.
Skates and helmets are available for use during class
at no additional charge. Layering and gloves are
recommended. Helmets are required for all beginner/
intermediate students (for your safety no exceptions
please).
