

Northeast Ann Arbor Transportation Plan

Prepared for:
**City of Ann Arbor
Planning Department**

Prepared by:
The Corradino Group, Inc.
In association with:
The Greenway Collaborative, Inc.

May 2005

City of Ann Arbor

Northeast Area Transportation Plan

Prepared by the
Ann Arbor Planning & Development Services Unit and
The Corradino Group, Inc. and
The Greenway Collaborative, Inc.

Adopted, with amendments,
as an element of the Master Plan
by the Ann Arbor City Planning Commission
on August 1, 2006

Adopted, with amendments,
as an element of the Master Plan
by the Ann Arbor City Council
on September 18, 2006

This planning process would not have been possible without the hard work and dedication provided by many. The City Planning Commission and Planning & Development Services Unit would like to acknowledge the commitment and contributions made by the Citizens and Technical Advisory Committees, the members of which are listed on Pages 6-8 of the plan. Special thanks go to Susan Kornfield, who volunteered her expertise to facilitate the many advisory committee meetings.

September 2006

Table of Contents (continued)

4. Non-motorized Component of Plan	111
4.1 The Existing Environment	121
4.1.1 General Conditions	121
4.1.2 Neighborhood Accessibility	125
4.1.3 The Pedestrian Environment	127
4.1.4 The Bicycling Environment	134
4.1.5 Existing Plans	139
4.1.6 Existing Non-motorized Trip Characteristics	139
4.2 Proposed Facilities	142
4.2.1 Long-term Solutions	142
4.2.2 Other Long-term Solutions	142
4.2.3 Atypical Long-term Solutions	156
4.2.4 Near-term Solutions	156
4.2.5 Specific Area Recommendations	170
4.3 Goals and Evaluation Factors	171
5. Transit Component of Plan	174
5.1 Step 1: Ensure Reliability of New (TransCAD) and Old (TranPlan) Models	183
5.2 Step 2: Determine Impact of Northeast Area Plan Land Use Proposal	192
5.2.1 Pfizer and Nixon Road Trips	195
5.3 Step 3: Determine Non-motorized Travel	199
5.4 Step 4: Generate and Test Transit Alternatives	199
5.4.1 Test of BASIC Transit System	202
5.4.2 Test of BASIC-PLUS Transit System	206
5.4.3 Test of BASIC-PLUS-PLUS System	210
5.4.4 Transit Effects on Highway Travel	215
5.5 Conclusions	215
5.5.1 Other Considerations	219
5.5.2 Goals and Evaluation Factors	221
6. Roadway Component of the Plan	222
6.1 Analysis Approach	228
6.1.1 Traffic Operations	228
6.2 Analysis Results	237
6.2.1 Non-motorized Implications	242
6.2.2 Cost	247

Table of Contents (continued)

6.3	Transportation Demand Management	247
6.3.1	Parking Management	247
6.3.2	Alternative Work Hours	249
6.3.3	Telecommuting	250
6.3.4	University of Michigan TDM	250
6.4	Signalization	253
6.5	Other Considerations	253
6.6	Goals and Evaluation Factors	255
7.	Implementation	257
7.1	Non-motorized Improvements	257
7.2	Transit	258
7.3	Roadway Capacity Improvements	259
7.4	Funding	260
7.5	Inter-jurisdictional Cooperation	260
	Bibliography	261
Appendix A	Northeast Ann Arbor Transportation Plan Technical Advisory Committee Meeting Notes	
Appendix B	Northeast Ann Arbor Transportation Plan Transportation Citizens Advisory Committee Meeting Notes	
Appendix C	Northeast Ann Arbor Transportation Plan Public Meeting Notes	
Appendix D	Definition of Evaluation Factors	
Appendix E	City of Ann Arbor Development Regulations Traffic Impact Analysis Section
