

Park Locations

Most of the parks in the City of Ann Arbor are located within a mile of Ann Arbor Transit Authority (AATA) bus routes. Check AATA schedules and maps when planning your trip and remember that bus routes can change regularly. This document is only a guide to help you access Ann Arbor parks by bus, bike, foot, or car and NAP does not guarantee its accuracy. See the printed AATA Ride Guide booklets available at the Blake Transit Center, visit www.TheRide.org, or call 996-0400 for the most recent information. Other useful references are park maps (at www.a2gov.org) and city street maps. This document is not a product of the AATA. AATA buses stop on request where there are street-side posted bus signs. We recommend scheduling extra time the first time you access any park by bus and that you ask the driver for assistance as
