Your Landscape and our Natural Areas

Native Trees

of Southeastern Michigan

White Oak (*Quercus alba*)

Go native and create a natural community in your own backyard! In addition to our general native landscaping brochure, *Your Landscape and Our Natural Areas*, four detailed brochures are available from the City of Ann Arbor's Natural Area Preservation Division. Written with the home landscaper in mind, each brochure provides tips and useful information on creating a native plant garden. Along with descriptions of native plants, information is included about natural habitat, site tolerance, plant height, bloom time, color, and other ornamental features. So plan your garden now, with these helpful brochures!

All of the brochures pictured above are available for pickup at the cost of \$1.00 per brochure. *Your Landscape and our Natural Areas* (not shown), with abridged species lists, is available for 25 cents (or free with the purchase of the complete set of four brochures). You can obtain these brochures from our office on the second floor of the Leslie Science Center at 1831 Traver Road in Ann Arbor, by phone (734-794-6627), or by mail using the order form below. Additional shipping and handling fees will apply to mailed orders. Please make checks payable to City of Ann Arbor.
