REQUIREMENTS

1. All construction shall conform to the Public Services Standard Specifications dated January 1, 1993, and include all updates issued at the time of construction plan approval.
2. If the construction to be inspected by Public Services does not commence within one year of the date of the Public Services Inspection Request Approval, this approval will expire and the construction plans shall be subject to re-review and payment of all applicable plan review fees will be required.
3. The Public Services Inspector's copy of the stamped, approved plans shall govern construction.
4. The Public Services Inspector has the right to halt construction activities and require that items that do not meet City Standards be redone/replaced/reconstructed.
5. Miss-Dig must be notified three (3) working days prior to construction. (800) 482-7171.
6. All approved permits and plans must be on-site at all times.
