

ANN ARBOR AFFORDABLE HOUSING FUND

PREFACE

The Ann Arbor Affordable Housing Fund was first proposed in the City of Ann Arbor Housing Policy adopted by City Council in July, 1989. The Affordable Housing Fund guidelines were developed by the Community Development Department and approved by the Housing Policy Board in February, 1991 and by the Ann Arbor City Council in April, 1991. Since its inception, the Housing and Human Services Advisory Board (HHSAB) has recommended and City Council has approved a range of housing projects with the vast majority targeted for residents with the lowest incomes. There have been very few projects approved which are targeted toward residents whose incomes fall within the range of 50% to 80% of median income because of the intent of the HHSAB to serve those with the greatest needs.

STATEMENT OF PURPOSE

The Ann Arbor Affordable Housing Fund is established for the promotion, retention and creation of long term affordable housing for households with incomes less than 60% of the City's median income. Further, the Fund is established to improve housing conditions for City of Ann Arbor residents, with priority given to those whose income is at or below 30% of the median household income.

It is the goal of the City to provide a full range of housing opportunities to all its citizens. It is the intent of the City to administer this fund in a flexible manner in order to best meet the housing needs of the City.

The Ann Arbor Affordable Housing Fund is established to provide and distribute financial support in the form of loans, grants or other forms of financial assistance to individuals, organizations or projects that create, retain, rehabilitate or preserve long term affordable housing.

ESTABLISHMENT OF FUND

The Mayor and City Council established by resolution a special revenue account under the name "Ann Arbor Affordable Housing Fund" with revenues specifically dedicated to the Affordable Housing Fund by City Council, any donations from public and private sources, and any federal, state or other funds so designated. It is the intention of the City Council that the Affordable Housing Fund be a dedicated fund in perpetuity for the purposes set out above. Principal and interest from loan repayments, proceeds from grant repayments, forfeitures, reimbursements, and all other income from Fund activities are deposited in the fund. Funds repaid to the City from any of the above sources shall be administered subject to applicable federal, state and city requirements. All funds in the account earn interest at least at the same rate as the City's pooled investments managed by the City Treasurer. All interest earnings from the account are reinvested and dedicated to the account. All appropriated funds in the Affordable Housing Fund are available for

eligible program expenditures.

DISTRIBUTION AND USES OF FUNDS

Funds in the Affordable Housing Fund are used to meet the housing needs of individuals and families with incomes less than 60% of the City's median income. Projects to be funded may include pre-development feasibility analysis, rental assistance, technical assistance to nonprofit housing providers, administration of affordable housing programs, new construction, rehabilitation, conversion of housing for use by lower income residents, or acquisition of land or property for use as low income housing.

It is the City's intent that the terms of its loans and grants be established so that the deepest City subsidies go to housing targeted to the lowest income households.

All distributions of principal, interest and other assets of the Affordable Housing Fund are made in furtherance of the purposes set out above, including disbursements from interest earnings necessary to support the Affordable Housing Fund's operations.

ELIGIBILITY REQUIREMENTS FOR PROJECTS UNDER \$25,000

Project applications are available from the Washtenaw County Office of Community & Economic Development (OCED) and may be submitted at any time during the program year. OCED will review and approve these proposals as an administrative function and will follow the City's procurement guidelines.

ELIGIBILITY REQUIREMENTS FOR PROJECTS \$25,000 OR GREATER

OCED will make an application available to any entity interested in financial support from the Ann Arbor Affordable Housing Fund. OCED may periodically issue a Request for Proposals for Ann Arbor Affordable Housing funds and other housing funds as they become available. Applications should

normally follow that process, although emergent need applications may be considered at any time during the year. OCED and the Housing and Human Services Advisory Board (HHSAB) will review all applications, regardless of how they are submitted. A recommendation will be made to the Mayor and City Council, which will make the final decision to approve the proposal.

Disbursements may be made to non-profit corporations, municipal corporations, for-profit corporations, partnerships, limited equity cooperatives, or to individuals. All projects must be decent, safe and sanitary and meet the Housing Quality Standards as established by the Department of Housing and Urban Development, and the local Code. The City has a priority on using Affordable Housing Fund dollars on projects within the City limits, but will allow for Fund dollars to be used outside the City limits.

Financial assistance shall not be awarded by the Affordable Housing Fund to any corporation, partnership or individual in default according to Section 14.3(e) of the City Charter at the time of final consideration in payment of property taxes, or whose subject property has violations of the City Housing or Building codes or is in violation of the zoning ordinance relating to the subject project. Consideration shall be given to projects which propose correction of the above-mentioned violations. Priority is to be given to projects which address the following:

- X the perpetual affordability of units;
- X projects which serve predominantly individuals and families with incomes less than 30% of the City's median income.

TERMS AND CONDITIONS

Affordable Housing Funds can be awarded in any form determined advisable by the HHSAB, subject to applicable state and federal laws and regulations, including but not limited to: low interest loans with terms determined by the "gap financing" needed to make the project feasible; a deferred loan which requires repayment under conditions defined for the project; or other types of financial assistance determined to be appropriate and necessary for the project. In general, the City has flexibility in how to award funds, either as a grant or as a loan.

When funds from the Affordable Housing Fund are awarded for acquisition, construction, or rehabilitation, the owner must sign an enforceable affordability agreement relating to the long term affordability of the unit, for a period of at least twenty years. Annual reporting is also required.

Repayments to the City are deposited into the Affordable Housing Fund and reused for other eligible Affordable Housing Fund projects.
