1	Would like to know the purpose and nature of the paths. There have always been paths made in this area by kids playing and by anima but I general it has provided important cover for wildlife.	11/13/2021 9:01 AM
2	Too close to residents' backyards.	11/12/2021 6:15 PM
3	You messed up the park with the last renovation and essentially destroyed the usable parts of the wooded are. Don't mess it up more.	11/12/2021 5:17 PM
4	I would rather the area stay as a wooded area and not have paths.	11/12/2021 4:37 PM

1	We have lived : for 27 years. As I said before, my main concern is in retaining the cover for birds and other small animals. I think additional paths are fine as long as the underbrush is not completely cleared out in this area.	11/13/2021 9:01 AM
2	Seems pointless and interruptive.	11/12/2021 6:15 PM
