1	My main concern would be if it would restrict other activities. The kids that live in the neighborhood play baseball in that field more often than soccer.	8/21/2022 10:22 PM
2	Too small of a park for a soccer field, will come at the expense of other users	8/21/2022 8:06 AM
3	Can residents pop the goals in and out if they want to use that space for football etc we r rec and Ed sappers that practice there? I'm sure this was considered- The green space by the playground instead?	8/17/2022 5:17 PM
4	A single goal size may not fit the needs of all potential users	8/14/2022 8:06 PM
5	That beautiful areas needed for all kinds of activities not to be limited by permanent soccer goals. Please do not do permanent soccer goals	8/13/2022 12:11 PM
6	Putting in goals as shown is not a good idea. The area is too small for an actual soccer field. Maybe one goal as a practice area on the west side of the area shown, by the trees, and out of the way of other activities. Squeezing in a soccer field means bringing more people, more traffic, and more problems.	8/12/2022 11:31 PM
7	Great addition for the neighborhood	8/12/2022 8:55 AM
8	Aesthetics	8/10/2022 9:24 AM
9	No concerns - it would be great!	8/10/2022 7:37 AM
10	No	8/9/2022 11:01 PM
11	1 It would be helpful to plant more shade trees to frame the soccer field and provide shade for families watching the games and practices. 2 please add a sidewalk or path along Windemere to complete the loop around the park. Many kids try to ride, scooter, or run loops but cannot	8/9/2022 10:11 PM

because there is no sidewalk on the Windemere side to connect. Even a designated dirt pathway would be helpful and could be cut inexpensively.

12	My only concern would be how often the field is reserved - a lot of neighborhood kids play here, so it's important that there is still time for them to enjoy the space.	8/9/2022 8:53 PM
13	Open space is more useful in general.	8/8/2022 11:15 PM

1	This will likely increase traffic. I would highly suggest making Windemere/Charter PI a 4 way stop if bringing more traffic in as the park corner is already a fairly dangerous intersection where kids are running into the street, confused cars are stalling when they shouldn't, and cars with stop signs are blowing through it. Perhaps a follow up survey 6 months after placing the goals would be a good idea to make sure it's working okay for the neighbors.	8/21/2022 10:22 PM
2	The park periphery is neglected - overrun by weeds etc	8/21/2022 8:06 AM
3	Would desperately love more picnic table seating - at least 3 tables. And 2 benches by grass edge/ sand box section would be super helpful/nice for parents. Any chance similar to Glacier Highlands, there could be a future basketball court? So many new families are moving in by Windemere Park and would love to model after all the different features at Glacier Highlands Park that appeals to kids of different ages. Thank you.	8/17/2022 5:17 PM
4	For safety reasons, I would strongly suggest to change the orientation of the goals so they are east west as opposed to the current north south. North south play increases the chances of a stray ball (and a chasing player) going onto the street. East west may also be more favorable to use the shade of the trees for the players and fans	8/14/2022 8:06 PM
5	It would be great to have a sunshade.	8/14/2022 2:00 PM
6	Leave our park as beautiful as it is. There are enough children in the area that we do not need the added traffic and parking that would occur with permanent soccer goals.	8/13/2022 12:11 PM
7	Ann Arbor already does a poor job of maintaining Windemere park. Adding more to the park to maintain does not help.	8/12/2022 11:31 PM
8	Having a space with soccer goals will be great for this neighborhood. There are lots of families that play, both kids and adults alike, and it will be a great addition to the park!	8/10/2022 7:37 AM
9	Windemere is a large park with ample space for a goal or two. Neighborhood kids would love the opportunity to play soccer here rather than having to go to a farther park.	8/10/2022 2:54 AM
10	This would expand the utility of the field as many kids in the neighbors play soccer	8/9/2022 11:01 PM
11	1 I support the soccer field idea. Drainage in this field is a major problem all spring and early summer, so some mitigation is needed. 2 A neighborhood pump track in the space between the playground and the field/tennis courts would be an amazing addition to the park and make use of this space and the small ridge. Pump tracks are great for everyone: small kids, big kids, teens, adults of all riding experiences.	8/9/2022 10:11 PM
12	I think it would be useful to have a walk/jog loop in the park. The portion of the park that goes along windemere rd does not have a sidewalk. (One could cross the street for a sidewalk, yes. But doesn't it make sense to close the loop within the park itself without involving road crossings? Soccer goals are welcome, too!	8/9/2022 8:51 PM
13	We'd also love a basketball hoop in the park! As long as there is some green space available for other activities, I have no concerns about adding additional features in the space!	8/9/2022 8:07 PM
14	This would be a nice use of the space. Thank you.	8/9/2022 7:54 PM
15	I also support the addition of at least 3 more picnic tables so that more people can enjoy the	8/9/2022 7:47 PM

park/playground area. It would be nice to get some more tree cover/gazebo/shelter as well.
