

Greetings!

We are excited to host the 2019 Ann Arbor Farmers Market Food Truck Rally season. These events will take place on the first Wednesday of the month, 5p.m.- 8p.m, May through October. We are proud to continue these wonderful, well-attended community events and hope you will consider participating. We welcome food carts, trucks, and ready-to-eat food options from local restaurants and specialty food businesses.

Application Details

The Ann Arbor Farmers Market is a producers-only market, meaning all items offered for sale must be of the vendor's own producing. No supplemental items, such as bottled beverages or chips, may be offered unless you make those items yourself.

We are requiring Food Trucks to use Zero Waste recycling practices this year. A list of suggestions are included with this application, and help with sourcing is available if purchasing is an obstacle.

Applications must be received by **Friday March 8, 2019**. Following the March 8 deadline, additional vendor applications will be evaluated based on the market's product mix and available space.

Applications will be considered uniquely each year, regardless of past participation. The market will consider variety and product mix, quality, producers-only status, and recycling/zero waste practices when evaluating applications. Due to limited space, we are sadly unable to accommodate all applicants, but aim to represent a wide variety of cuisines and vendors.

Please submit a hard copy of your application. Completed applications can be turned into the office on market days or mailed to: Ann Arbor Farmers Market | 315 Detroit Street | Ann Arbor, MI 48104

In furtherance of the goals and values of The Ann Arbor Farmers Market, the Food Truck Rallies have set a goal of **Zero Waste**. All trucks are required to practice Zero Waste during the Rallies. B Green Today (bgreentoday.com) is one good resource for materials. You may also contact Noelle Bowman at bowmann@ewashtenaw.org for assistance. The main objective to achieve Zero Waste is to distribute *only* materials which are **reusable, recyclable** or **compostable**, to avoid creating waste destined for the landfill. Below are some simple guidelines you may follow to help facilitate a waste-free event!

Zero Waste Guidelines

For Exhibitors & Food Vendors

Zero Waste-Compliant Items	Avoid
All paper products including hand-outs, plates, napkins, paper towels, cups, bags.	Plastic- or “wax”-coated paper products. <i>These materials are not recyclable or compostable</i>
Products made from plastic #1, #2, #4, #5 or #7 . <i>Plastic #6 is permissible <u>except for</u> cutlery & expanded polystyrene (e.g. Styrofoam®).</i>	Styrofoam® & plastic cutlery is plastic #6 and is not recyclable or compostable. Styrofoam is a known environmental and potential public health threat.
Wooden stir-sticks, chopsticks, toothpicks & skewers. <i>Must be plain wood with no plastic decorated tips.</i>	Plastic cutlery including forks, spoons, knives, chopsticks, toothpicks or skewers are not recyclable or compostable.
Paper bags and reusable bags.	Plastic bags or plastic wrap.
Unpackaged promotional materials that are reusable (i.e. pens, key chains, magnets, etc.)	Single-use decorations, such as plastic tablecloths, stickers, balloons, confetti, etc.

Zero Waste Washtenaw is brought to you by: Washtenaw County Office of the Water Resources Commissioner, Recycle Ann Arbor, Amcor Rigid Plastics, Michigan Department of Environmental Quality & the Washtenaw County Food Policy Council
