

Greetings!

We are excited to host the 2020 Ann Arbor Farmers Market Food Truck Rally season. These events will take place on the first Wednesday of the month, 5p.m.- 8p.m, May through October. We are proud to continue these wonderful, well-attended community events and hope you will consider participating. We welcome food carts, trucks, and ready-to-eat food options from local restaurants and specialty food businesses.

Application Details

The Ann Arbor Farmers Market is a producers-only market, meaning all items offered for sale must be of the vendor’s own producing. No supplemental items, such as bottled beverages or chips, may be offered unless you make those items yourself.

We are requiring Food Trucks to use Zero Waste recycling practices this year. A list of suggestions are included with this application, and help with sourcing is available if purchasing is an obstacle.

Applications must be received by **Friday March 6, 2020**. Following the March 6 deadline, additional vendor applications will be evaluated based on the market’s product mix and available space.

Applications will be considered uniquely each year, regardless of past participation. The market will consider variety and product mix, quality, producers-only status, and recycling/zero waste practices when evaluating applications. Due to limited space, we are sadly unable to accommodate all applicants, but aim to represent a wide variety of cuisines and vendors.

Please submit a hard copy of your application. Completed applications can be turned into the office on market days or mailed to: Ann Arbor Farmers Market | 315 Detroit Street | Ann Arbor, MI 48104

ZERO WASTE SPECIAL EVENT EXHIBITOR & FOOD VENDOR GUIDELINES

Thank you for agreeing to participate in a **Zero Waste Special Event!** We have worked closely with the event organizers to reduce the event's environmental footprint. As a vendor passing out materials, **you play a critical role in helping the event reach its Zero Waste goal!**

The goal of a Zero Waste event is to plan ahead to reduce waste and only **distribute materials that are locally recyclable, compostable, or reusable** (no materials that have to be landfilled). These guidelines include the types of containers and packaging that are acceptable at the event. **Please note that you will be coached on alternatives for any non-compliant materials and/or asked to remove them in certain situations.**

Throughout the event, it is important that you sort your waste at the event's Zero Waste Stations into the appropriate bins for compostables, recyclables, or trash. Zero Waste Washtenaw staff and Zero Waste Team volunteers will be available to help you sort and answer any questions.

All food containers and utensils must be certified compostable by Biodegradable Products Institute (BPI). You can purchase these products at Bgreen, located at 2111 Packard Rd., 734-214-3000.

Please contact Angela Porta at Recycle Ann Arbor at 734-662-6288 x 119 or angela@recycleannarbor.org for help in distinguishing and obtaining Zero Waste materials.
