

ANN ARBOR FARMERS MARKET
MARKET TO RESTAURANTS PROGRAM

Day of Market Logistics

“Chef Hours” Wednesdays and Saturdays 7 am – 9 am

This is a time specifically designed for chefs and restaurants to shop at the market. You are welcome to come anytime, but the market offers special services for our wholesale buyers during these hours.

Market hours

The market is open Wednesdays and Saturdays, 7 am – 3 pm, May through December. Saturday market is open year round, January through April, 8 am – 3 pm.

Pick up zones

If you ordered ahead of time from vendors, you can pull in, load, and exit within a matter of minutes during Chef Hours. Market staff or volunteers will be there to help you load. Not recommended for those who wish to browse.

Wednesdays – Pull into the market parking lot and pick up at the end of the middle aisle

Saturdays – Pull into the loading zone on 4th Street, in front of the Kerrytown building

Free parking

We offer guaranteed free parking in the middle parking lot area during chef hours on Wednesdays. This is a good option if you want to walk through the market and see everything that is available. Often there will be products and vendors not listed in the Product Availability List that you can purchase day of market.

Dollies and carts

Borrow a dolly or large cart for shopping if you plan on getting a large amount of food. Come to the market office to sign one out. They are stored alongside the office building and are free to rent.

Ordering ahead of time: using our product availability list

The market will consolidate availability lists from all participating vendors and make available each week. The market is NOT responsible for facilitating payments, monitoring quality, or guaranteeing delivery. This is between the buyer and the vendor. The market is ONLY responsible for providing information about availability of products.

Parking during regular hours

We sometimes offer free parking on site at market, depending on how busy we are. Look for the “Free Customer Parking” sign to see when this is available. There is also \$3/day parking at the Ann and Ashley parking structure. See our website for more parking suggestions.
