While we heard some would prefer the island to be removed, this stand is part of a continuous project with a public engagement plan. It will not be removed as a part of this project.

Change Made with Public Input

Extra sharrow symbols were added to the southbound lane entering the neighborhood to emphasize the bike route on the street.

Change Made with Public Input

All the trees that need to be removed for this project will be replaced with saplings.

Change Made with Public Input

The mid-block crosswalk by the school was removed to better filter students from Lawton Elementary to a crosswalk at a property line and to avoid a tree.

Change Made with Public Input

While we heard some would prefer the island be removed, this stand is part of a previous project with a public engagement effort. It will not be removed as a part of this project.

Change Made with Public Input

A bump out was removed.

Legend:

Existing Curb Line
New Curb
New Asphalt
New Sidewalk (to be maintained by property owner)
New Drive Approach
Crosswalk
New Grass (to be maintained by property owner)
Existing Tree Removed
New Tree
Public Right of Way

This illustration depicts the road layout near the entrance and exit to the neighborhood. The existing median (green pavement marking) was maintained and parking was removed on the block. A sidewalk was maintained on the neighborhood side, a Kiss lane, and a multi-lane bus will remain.

This illustration depicts the road layout with widened sidewalks on both sides. There is enough room for two travel lanes and two parking lanes by using the 18-inch gutter pan for parking.

This illustration depicts the road layout with widened sidewalks on both sides. There is enough room for two travel lanes and two parking lanes by using the 18-inch gutter pan for parking.

This illustration depicts a bump out was added to the sidewalk parallel to the school path on Greenview Dr for student safety.

This illustration depicts a bump out was removed.
