**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE  
AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

October 22, 2004

Honorable Mayor and Members  
of the City Commission  
City of Ann Arbor, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the ***CITY OF ANN ARBOR, MICHIGAN*** as of and for the year ended June 30, 2004, which collectively comprise the City's basic financial statements, and have issued our report thereon dated October 22, 2004. We did not audit the financial statements of the Ann Arbor Housing Commission, which represents 35% of the assets and 32% of the revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report was furnished to us, and our opinion, insofar as it relates to the amounts included for the Ann Arbor Housing Commission, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Compliance**

As part of obtaining reasonable assurance about whether the ***City of Ann Arbor, Michigan's*** financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests and the report of the other auditors disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

## **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the *City of Ann Arbor, Michigan's* internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our report and the report of other auditors noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted other matters involving the internal control over financial reporting that we have reported to the management of the *City of Ann Arbor, Michigan* in a separate letter dated October 22, 2004.

This report is intended solely for the information and use of the audit committee, management, others within the organization, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH  
REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM  
AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE  
WITH OMB CIRCULAR A-133**

October 22, 2004

Honorable Mayor and Members  
of the City Commission  
City of Ann Arbor, Michigan

**Compliance**

We have audited the compliance of the ***City of Ann Arbor, Michigan*** with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2004. The ***City of Ann Arbor, Michigan's*** major federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the ***City of Ann Arbor, Michigan's*** management. Our responsibility is to express an opinion on the ***City of Ann Arbor, Michigan's*** compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the ***City of Ann Arbor, Michigan's*** compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the ***City of Ann Arbor, Michigan's*** compliance with those requirements.

In our opinion, the ***City of Ann Arbor, Michigan*** complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2004.

## **Internal Control Over Compliance**

The management of the *City of Ann Arbor, Michigan* is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the *City of Ann Arbor, Michigan's* internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be a material weakness. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

## **Schedule of Expenditures of Federal Awards**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the *City of Ann Arbor, Michigan* as of and for the year ended June 30, 2004, which collectively comprise the City's basic financial statements, and have issued our report thereon dated October 22, 2004. We did not audit the financial statements of the Ann Arbor Housing Commission, which represents 35% of the assets and 32% of the revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report was furnished to us, and our opinion, insofar as it relates to the amounts included for the Ann Arbor Housing Commission, is based solely on the report of the other auditors.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, others within the organization, City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
