**Award**

The City intends to award a Contract(s) to the lowest responsible Bidder(s). On multi-divisional contracts, separate divisions may be awarded to separate Bidders. For unit price bids, the contract will be awarded based upon the lump sum and unit prices stated by the bidder for the work items specified in the bid documents, with consideration given to any alternates selected by the City. If the City determines that the unit price for any item is materially different for the work item bid than either other bidders or the general market, the City, in its sole discretion, in addition to any other right it may have, may reject the bid as not responsible or non-conforming.
The acceptability of major subcontractors will be considered in determining if a Bidder is responsible. EXHIBIT A
SCOPE OF SERVICES FOR SIDEWALK CUTTING

DESCRIPTION

This work shall consist of horizontally cutting concrete sidewalk joints, as directed by the Engineer, for the purpose of removing vertical deflections. This work shall also include any required vehicular or pedestrian traffic control; and administrative costs to perform the work as described herein.

All work shall be done in accordance with the City Standard Specifications, except as specified herein, and as directed by the Engineer.

Sidewalk joint cutting will be organized and scheduled by the City and the Contractor such that cutting can be done at multiple locations within a relatively large designated area. This item is not intended to be used at single locations outside of these designated areas, unless acceptable to the Contractor.

Once areas have been marked by the Engineer for cutting, the Contractor will have a maximum of 60 days to complete all joint cutting within the area marked. The Contractor shall schedule and coordinate work with the Project Engineer, so as to allow for the inspection of all work. A Progress Schedule shall be prepared and submitted to the Project Engineer prior to the commencement of the contract work within the specified work area.

CONTRACTOR QUALIFICATIONS

If the Contractor is the low bidder, prior to project award the Contractor will submit the following information to the City for review:

- A list of field supervisory personnel and their experience with horizontally cutting concrete in accordance with this specification. At least one of the field supervisors listed must be at the site and be responsible for all work at all times when horizontally cutting concrete operations are in progress.
- The contractor must provide proof of at least three years of horizontally cutting concrete experience. The submittal will be attached to the signed proposal, and will include the name and phone number of the project owner.
- List of all equipment used.

Failure to provide this information will result in the dismissal of the bid by the City.

If the above submittals are not acceptable to the City, the next low bidder will be contacted and the same submittals reviewed until a suitable bidder is awarded the project.

Horizontal cutting operations will not proceed unless the Contractor’s field supervisory personnel, whose qualifications were approved by the Project Engineer are on-site.
CONSTRUCTION METHODS

The Contractor shall horizontally cut all sidewalk joint deflections greater than ½ inch of vertical deflection at locations directed by the Engineer. Vertical deflections of over one inch will typically be marked for replacement through a separate contract; however the Contractor may occasionally be directed by the Engineer to cut sidewalk joints in excess of one inch.

Cuts shall be made horizontally with equipment designed for that purpose. Grinding will not be permitted other than for purposes of “touching up” cut surfaces. Cuts shall be made to provide a maximum slope of 1:8 (vertical:horizontal).

Cuts shall not leave ridges or grooves in the sidewalk that could inhibit or prevent drainage. Joint deflections shall be removed completely, from one end of the raised sidewalk to the other, leaving zero vertical deflection between adjacent slabs, in either direction. The work shall not damage, or make any visible markings on, adjacent sidewalk slabs or curbs.

All cuts shall have a uniform appearance and texture. The finished surface shall have a coefficient of friction of at least 0.6.

The Contractor may not use any type of “fill” material that deteriorates or breaks apart over time.

All joint cutting shall be performed under dry conditions with the use of a dust abatement system such that airborne dust is eliminated. Upon completion of a cut, the area shall be thoroughly cleaned to the satisfaction of the Engineer. All debris must be removed immediately and properly disposed of off-site. Under no circumstances shall any debris be placed in, or be allowed to run into, adjacent landscaping or any storm drains.

The Contractor shall take care not to disturb adjacent vegetation, landscaping, retaining walls, curbs, sprinklers, utility covers, or other objects adjacent to the sidewalk. Anything disturbed by the joint cutting operations shall be restored or repaired to the satisfaction of the Engineer, at the Contractor’s sole expense.

The Contractor shall schedule their operations so as to cause a minimum of interruption, interference, or disturbance to the operations of the adjacent properties, and shall allow access by pedestrians, emergency vehicles, and delivery/service vehicles at all times.

Sidewalk repair equipment and all other items incidental to the work shall not be stored on the sidewalk or on private property while not in use. Equipment may not be stored on lawn extension areas, unless permission is given by the Engineer in writing.

MEASUREMENT AND PAYMENT

This item of work shall be paid for at the Contract Unit Price by the unit “Each”. For purposes of this
pay item, the unit “Each” shall be defined as the cutting of a full sidewalk joint, up to a maximum of 6 feet in width, in both directions of travel. For locations at which the sidewalk is greater than 6 feet wide, the quantity paid shall be adjusted by the corresponding percentage.

EXHIBIT C
FAIR EMPLOYMENT PRACTICE

The contractor, its agents or sub-contractors, shall comply with all requirements of Chapter 112 of Title IX of the Code of the City of Ann Arbor and in particular the following excerpts therefrom:

9:161 NONDISCRIMINATION BY CITY CONTRACTORS

(1) All contractors proposing to do business with the City of Ann Arbor shall satisfy the nondiscrimination administrative policy adopted by the City Administrator in accordance with the guidelines of this section. All contractors shall receive approval from the Director prior to entering into a contract with the City, unless specifically exempted by administrative policy. All City contractors shall take affirmative action to insure that applicants are employed and that employees are treated during employment in a manner which provides equal employment opportunity and tends to eliminate inequality based upon race, national origin or sex.

(2) Each prospective contractor shall submit to the City data showing current total employment by occupational category, sex and minority group. If, after verifying this data, the Director concludes that it indicates total minority and female employment commensurate with their availability within the contractor's labor recruitment area, i.e., the area from which the contractor can reasonably be expected to recruit, said contractor shall be accepted by the Director as having fulfilled affirmative action requirements for a period of one year at which time the Director shall conduct another review. Other contractors shall develop an affirmative action program in conjunction with the Director. Said program shall include specific goals and timetables for the hiring and promotion of minorities and females. Said goals shall reflect the availability of minorities and females within the contractor's labor recruitment area. In the case of construction contractors, the Director shall use for employment verification the labor recruitment area of the Ann Arbor-Ypsilanti standard metropolitan statistical area. Construction contractors determined to be in compliance shall be accepted by the Director as having fulfilled affirmative action requirements for a period of six (6) months at which time the Director shall conduct another review.

(3) In hiring for construction projects, contractors shall make good faith efforts to employ local persons, so as to enhance the local economy.

(4) All contracts shall include provisions through which the contractor agrees, in addition to any other applicable Federal or State labor laws:

(a) To set goals, in conference with the Human Resources Director, for each job category or division of the work force used in the completion of the City work;

(b) To provide periodic reports concerning the progress the contractor has made in meeting the affirmative action goals it has agreed to;
(c) To permit the Director access to all books, records and accounts pertaining to its employment practices for the purpose of determining compliance with the affirmative action requirements.

(5) The Director shall monitor the compliance of each contractor with the nondiscrimination provisions of each contract. The Director shall develop procedures and regulations consistent with the administrative policy adopted by the City Administrator for notice and enforcement of non-compliance. Such procedures and regulations shall include a provision for the posting of contractors not in compliance.

(6) All City contracts shall provide further that breach of the obligation not to discriminate shall be a material breach of the contract for which the City shall be entitled, at its option, to do any or all of the following:

(a) To cancel, terminate, or suspend the contract in whole or part and/or refuse to make any required periodic payments under the contract;

(b) Declare the contractor ineligible for the award of any future contracts with the City for a specified length of time;

(c) To recover liquidated damages of a specified sum, said sum to be that percentage of the labor expenditure for the time period involved which would have accrued to minority group members had the affirmative action not been breached;

(d) Impose for each day of non-compliance, liquidated damages of a specified sum, based upon the following schedule:

(e) In addition the contractor shall be liable for any costs or expenses incurred by the City of Ann Arbor in obtaining from other sources the work and services to be rendered or performed or the goods or properties to be furnished or delivered to the City under this contract.
EXHIBIT D

For purposes of this Chapter, the following definitions shall apply:

(1) “Contractor/vendor” is a person or entity that has a contract with the City primarily for the furnishing of services where the total amount of the contract or contracts with the City exceeds $10,000 for any 12-month period. "Contractor/vendor" does not include a person or entity that has a contract with the City primarily for the purchase of goods or property, or for the lease of goods or property to or from the City.

(2) "Covered Employee" means a person employed by a covered employer to perform services which are covered or funded by the contract with or grant from the City; provided, however, that persons who are employed pursuant to federal, state or local laws relating to prevailing wages shall be exempt from this Chapter.

(4) "Employee" means an individual who provides personal services performed for wages under any contract calling for the performance of personal services, whether written or oral, express or implied. The term "employee" does not include any individual who volunteers to perform services for an employer if

(a) The individual receives no compensation or is paid expenses, reasonable benefits, or a nominal fee to perform the services for which the individual volunteered; and

(b) Such services are not the same type of services which the individual is employed to perform for such employer.

(5) "Employee Health Benefits" or "Health Benefits" means providing health care benefits for employees (or employees and their dependents) at employer cost or making an employer contribution toward the purchase of such health care benefits for employees (or employees and their dependents), provided that the employer cost or contribution equals no less than $1 an hour for the average work week of such employee, and provided further that any employee payment or contribution
toward health care shall not exceed 50 cents an hour for the average work week for such employee.

(6) "Grant" means any form of financial assistance to a "Grantee" as set forth and defined in Section 1:813(7). "Grant" does not include financial assistance used for the purchase or lease of property or other non-personnel costs.

(7) "Grantee" is a person or entity that is a recipient of any financial assistance from the City in the form of any federal, state or local grant program administered by the City, revenue bond financing, tax increment financing, tax abatement, tax credit, direct grant, or any other form of financial assistance that exceeds $10,000 for any 12-month period, including any contractors, subcontractors, or leaseholders of the grantee whose contract, subcontract or lease with the grantee exceeds $10,000 for any 12-month period.

(8) "Living Wage" means a wage equal to the levels established in Section 1:815.

(9) "Person" means any individual, copartnership, corporation, association, club, joint adventure, estate, trust, and any other group or combination acting as a unit, and the individuals constituting such group or unit.

(10) "$10,000 for any 12 month period" is computed by taking the total amount of the contract, grant or loan and dividing it by the number of months the contract, grant or loan covers.

1:814. Applicability.

(1) This Chapter shall apply to any person that is a contractor/vendor or grantee as defined in Section 1:813 that employs or contracts with five (5) or more individuals; provided, however, that this Chapter shall not apply to a non-profit contractor/vendor or non-profit grantee unless it employs or contracts with ten (10) or more individuals.

(2) This Chapter shall apply to any grant, contract, or subcontract or other form of financial assistance awarded to or entered into with a contractor/vendor or grantee after the effective date of this Chapter and to the extension or renewal after the effective date of this Chapter of any grant, contract, or subcontract or other form of financial assistance with a contractor/vendor or grantee.

1:815. Living Wages Required.

(1) Every contractor/vendor or grantee, as defined in Section 1:813, shall pay its covered employees a living wage as established in this Section.
(a) For a covered employer that provides employee health care to its employees, the living wage shall be $8.70 an hour or the adjusted amount hereafter established under Section 1:815(3).

(b) For a covered employer that does not provide health care to its employees, the living wage shall be $10.20 an hour or the adjusted amount hereafter established under Section 1:815(3).

(2) In order to qualify to pay the living wage rate for covered employers providing employee health care under subsection 1:815(1)(a), a covered employer shall furnish proof of said health care coverage and payment therefor to the City Administrator or his/her designee.

(3) The amount of the living wage established in this Section shall be adjusted upward no later than April 30, 2002, and every year thereafter by a percentage equal to the percentage increase, if any, in the federal poverty guidelines as published by the United States Department of Health and Human Services for the years 2001 and 2002. Subsequent annual adjustments shall be based upon the percentage increase, if any, in the United States Department of Health and Human Services poverty guidelines when comparing the prior calendar year's poverty guidelines to the present calendar year's guidelines. The applicable percentage amount will be converted to an amount in cents by multiplying the existing wage under Section 1:815(1)(b) by said percentage, rounding upward to the next cent, and adding this amount of cents to the existing living wage levels established under Sections 1:815(1)(a) and 1:815(1)(b). Prior to April 1 of each calendar year, the City will notify any covered employer of this adjustment by posting a written notice in a prominent place in City Hall, and, in the case of a covered employer that has provided an address of record to the City, by a written letter to each such covered employer.

City Policy

The “non discrimination in contracts” provision of the City Code, (Chapter 112, Section 9:161) requires contractors/vendors/grantees doing business with the City not to discriminate on the basis of actual or perceived race, color, religion, national origin, sex, age, condition of pregnancy, marital status, physical or mental limitations, source of income, family responsibilities, educational association, sexual orientation, gender identity or HIV status against any of their employees, any City employee working with them, or any applicant for employment. It also requires that the contractors/vendors/grantees include a similar provision in all subcontracts that they execute for City work or programs.

This Ordinance further requires that each prospective contractor/vendor submit employment data to the City showing current total employee breakdown by occupation, race and gender. This allows the Human Rights Office to determine whether or not the contractor/vendor has a workforce that is reflective of the availability of women and under-represented minorities within the contractor’s labor recruitment area (the area where they can reasonably be expected to recruit employees). *This data is provided to the City on the Human Rights Contract Compliance Forms (attached).*
