ADDENDUM No. 1

ITB No. 4641

Self-Contained Breathing Air Compressor System

Bids Due: September 10, 2020 at 2:00 P.M. (Local Time)

The information contained herein shall take precedence over the original documents and all previous addenda (if any) and is appended thereto. This Addendum includes two (2) pages.

Bidder is to acknowledge receipt of this Addendum No. 1, including all attachments (if any) in its Bid by so indicating on Page 7 of the Invitation to Bid Form. Bids submitted without acknowledgment of receipt of this addendum may be considered nonconforming.

The following forms provided within the ITB document must be included in submitted bids:

• Vendor Conflict of Interest Disclosure Form
• City of Ann Arbor Non-Discrimination Ordinance Declaration of Compliance

Bids that fail to provide these forms listed above upon bid opening will be rejected as non-responsive and will not be considered for award.

I. CORRECTIONS/ADDITIONS/DELETIONS
Changes to the Bid document which are outlined below are referenced to a page or Section in which they appear conspicuously. The Bidder is to take note in its review of the documents and include these changes as they may affect work or details in other areas not specifically referenced here.

| Page 9  | As provided in ITB No. 4641 Bid Document:  
  Scope of Work  
  B. Vendor will be suppling one (1) complete SCBA fill system consisting of a compressor with sound reducing shroud / cabinet, storage cylinders, and containment fill station.  
  The storage system shall contain a minimum of four (4) ASME 6000 PSI cylinders.  
  
As updated herein:  
  Scope of Work  
  B. Vendor will be suppling one (1) complete SCBA fill system consisting of a compressor with sound reducing shroud / cabinet, storage cylinders, and containment fill station.  
  The storage system shall contain a minimum of four (4) new, 6000 psi, ISO/UN approved cylinders.

Comment: The intent with this change is to replace the inaccurate “ASME 6000 PSI cylinders” with “new, 6000 psi, ISO/UN approved cylinders” as provided herein.
As provided in ITB No. 4641 Bid Document:
Cascade System
- The system shall be comprised of four (4) new, 6000 psi, ISO/UN approved, ASME cylinders with 10-year hydrostatic test certification. (Shorts, irregulars or refurbished cylinders are not acceptable)

As updated herein:
Cascade System
- The system shall be comprised of four (4) new, 6000 psi, ISO/UN approved, cylinders with 10-year hydrostatic test certification. (Shorts, irregulars or refurbished cylinders are not acceptable)

Comment: The intent with this change is to simply remove “ASME” from the specification provided herein.

Bidders are responsible for any conclusions that they may draw from the information contained in the Addendum.
