All questions regarding this Request for Proposal (RFP) shall be submitted via e-mail. Questions will be accepted and answered in accordance with the terms and conditions of this RFP.

All questions shall be submitted on or before August 10, 2022 at 10:00 a.m., and should be addressed as follows:

Scope of Work/Proposal Content questions shall be e-mailed to Becky Lahr, Drinking Water Quality Manager, at rlahr@a2gov.org

RFP Process and Compliance questions shall be e-mailed to Colin Spencer, Buyer - CSpencer@a2gov.org

Should any prospective offeror be in doubt as to the true meaning of any portion of this RFP, or should the prospective offeror find any ambiguity, inconsistency, or omission therein, the prospective offeror shall make a written request for an official interpretation or correction by the due date for questions above.

All interpretations, corrections, or additions to this RFP will be made only as an official addendum that will be posted to a2gov.org and MITN.info and it shall be the prospective offeror’s responsibility to ensure they have received all addenda before submitting a proposal. Any addendum issued by the City shall become part of the RFP and must be incorporated in the proposal where applicable.

C. PRE-PROPOSAL MEETING

There will be a virtual pre-proposal meeting on August 8, 2022 at 3:00 pm EST. Please contact Becky Lahr (rlahr@a2gov.org) if you are interested in attending.

This meeting is not mandatory; however, it is highly recommended that interested parties attend. The purpose is to discuss the project with prospective firms and answer any questions about the RFP. Any questions and answers furnished in the pre-proposal meeting will not be official until verified in writing through an addendum. The pre-proposal presentation and record of attendance will be posted on the City’s Purchasing website following the event.

D. PROPOSAL FORMAT

To be considered, each firm must submit a response to this RFP using the format provided in Section III. No other distribution of proposals is to be made by the prospective offeror. An official authorized to bind the offeror to its provisions must sign the proposal. Each proposal must remain valid for at least ninety days from the due date of this RFP.
Proposals should be prepared simply and economically providing a straightforward, concise description of the offeror’s ability to meet the requirements of the RFP. Each total submittal should not be more than 30 sheets (60 sides), not including required attachments. No erasures are permitted. Mistakes may be crossed out and corrected and must be initialed in ink by the person signing the proposal.

**E. SELECTION CRITERIA**

Responses to this RFP will be evaluated using a point system as shown in Section III. A selection committee comprised of staff from the City will complete the evaluation.

The fee proposals will not be reviewed at the initial evaluation. After initial evaluation, the City will determine top proposals, and open only those fee proposals. The City will then determine which, if any, firms will be interviewed. During the interviews, the selected firms will be given the opportunity to discuss their proposal, qualifications, past experience, and their fee proposal in more detail. The City further reserves the right to interview the key personnel assigned by the selected offeror to this project. If the City chooses to interview any respondents, the interviews will be tentatively held in **September 6-12, 2022**.

All proposals submitted may be subject to clarifications and further negotiation. All agreements resulting from negotiations that differ from what is represented within the RFP or in the proposal response shall be documented and included as part of the final contract.

**F. SEALED PROPOSAL SUBMISSION**

*All proposals are due and must be delivered to the City on or before, August 23, 2022 at 2:00 PM. (local time).* Proposals submitted late or via oral, telephonic, telegraphic, electronic mail or facsimile will not be considered or accepted.

- as one file in PDF format

Each respondent must submit in a separate sealed envelope marked Fee Proposal
- two (2) originals of the fee proposal

The fee proposal and all costs must be separate from the rest of the proposal.

Proposals must be addressed and delivered to:
City of Ann Arbor

The City will not be liable to any prospective offeror for any unforeseen circumstances, delivery, or postal delays. Postmarking on the due date will not substitute for receipt of the proposal. Offerors are responsible for submission of their proposal. Additional time will not be granted to a single prospective offeror. However, additional time may be granted to all prospective offerors at the discretion of the City.

A proposal may be disqualified if the following required forms are not included with the proposal:

Proposals that fail to provide these forms listed above upon proposal opening may be deemed non-responsive and may not be considered for award.

All proposed fees, cost or compensation for the services requested herein should be provided in the separately sealed Fee Proposal envelope only.

G. DISCLOSURES

Under the Freedom of Information Act (Public Act 442), the City is obligated to permit review of its files, if requested by others. All information in a proposal is subject to disclosure under this provision. This act also provides for a complete disclosure of contracts and attachments thereto.

The City reserves the right to award the total proposal, to reject any or all proposals in whole or in part, and to waive any informality or technical defects if, in the City’s sole judgment, the best interests of the City will be so served.

This RFP and the selected offeror’s response thereto, shall constitute the basis of the scope of services in the contract by reference.

I. NONDISCRIMINATION

All offerors proposing to do business with the City shall satisfy the contract compliance administrative policy adopted by the City Administrator in accordance with the Section 9:158 of the Ann Arbor City Code. Breach of the obligation not to discriminate as outlined in Attachment C shall be a material breach of the contract. Contractors are required to post a copy of Ann Arbor’s Non-Discrimination Ordinance attached at all work locations where its employees provide services under a contract with the City.

J. WAGE REQUIREMENTS

The Attachments provided herein outline the requirements for payment of prevailing wages or of a “living wage” to employees providing service to the City under this contract. The successful offeror must comply with all applicable requirements and provide documentary proof of compliance when requested.

K. CONFLICT OF INTEREST DISCLOSURE

The City of Ann Arbor Purchasing Policy requires that the consultant complete a Conflict of Interest Disclosure form. A contract may not be awarded to the selected offeror unless and until the Procurement Unit and the City Administrator have reviewed the Disclosure form and determined that no conflict exists under applicable federal, state, or local law or administrative regulation. Not every relationship or situation disclosed on the Disclosure Form may be a disqualifying conflict. Depending on applicable law and regulations, some contracts may be awarded on the recommendation of the City Administrator after full disclosure, where such action is allowed by law, if demonstrated competitive pricing exists and/or it is determined the award is in the best interest of the City. A copy of the Conflict of Interest Disclosure Form is attached.
L. COST LIABILITY

The City of Ann Arbor assumes no responsibility or liability for costs incurred by the offeror prior to the execution of a Professional Services Agreement. The liability of the City is limited to the terms and conditions outlined in the Agreement. By submitting a proposal, offeror agrees to bear all costs incurred or related to the preparation, submission, and selection process for the proposal.

M. DEBARMENT

Submission of a proposal in response to this RFP is certification that the Respondent is not currently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from participation in this transaction by any State or Federal departments or agency. Submission is also agreement that the City will be notified of any changes in this status.

N. PROPOSAL PROTEST

All proposal protests must be in writing and filed with the Purchasing Manager within five (5) business days of the award action. The offeror must clearly state the reasons for the protest. If an offeror contacts a City Service Area/Unit and indicates a desire to protest an award, the Service Area/Unit shall refer the offeror to the Purchasing Manager. The Purchasing Manager will provide the offeror with the appropriate instructions for filing the protest. The protest shall be reviewed by the City Administrator or designee, whose decision shall be final.

Any inquiries or requests regarding this procurement should be only submitted in writing to the Designated City Contacts provided herein. Attempts by the offeror to initiate contact with anyone other than the Designated City Contacts provided herein that the offeror believes can influence the procurement decision, e.g., Elected Officials, City Administrator, Selection Committee Members, Appointed Committee Members, etc., may lead to immediate elimination from further consideration.

The City encourages potential vendors to bring forward emerging and progressive products and services that are best suited to the City’s environmental principles.
SECTION II – SCOPE OF SERVICES

A. Scope of Work

Services, including but not limited to the following, are to be performed by the consultant. Meetings may be held virtually or in-person.

1) Update City of Ann Arbor’s Surface Water Intake Protection Plan (SWIPP) and Wellhead Protection Plan (WHPP). Existing SWIPP and WHPP will be made available to view onsite (in person) for proposers who are interested. No copies may be made, nor digital copies provided. At a minimum, updates to SWIPP and WHPP should include the following:

- Produce a 2023 SWIPP and 2023 WHPP. These final documents should incorporate updates and sections from previous SWIPP/WHPP that are still relevant in a standalone document that is well-organized, easily searchable, and accessible as a reference. Updates should include digital copies of all materials, including pdfs of the final SWIPP document and WHPP document and GIS files for relevant maps such as WHPP time of travel maps. GIS files are not available for existing plans.

- Ensure all components recommended by EGLE are addressed for SWIPP and WHPP.

- Meet with the project team at least monthly to provide updates on progress and get feedback from the group. The Consultant will schedule and facilitate meetings, develop meeting agendas, provide agendas and written progress reports at least a week in advance of meetings, send complete discussion summaries for documentation of each progress meeting within 1 week of the meeting, and incorporate feedback into the plans.

- Compare Ann Arbor’s existing SWIPP and WHPP to those of peer municipal water systems, highlighting items that should be improved and description of how they should be updated.

- Provide a recommendation as to whether or not the delineation areas should be re-evaluated for the SWIPP and WHPP, with consideration to a tiered approach based on risk and travel time.

- Create a chart that identifies areas for collaboration and leverages existing resources/programs with project stakeholders (such as Watershed Management Planning for Middle and Upper Huron River, land protection programs for water quality, Dam Operators Network, and existing mapping by HRWC). This chart should highlight source protection activities proposed within the SWIPP and WHPP and cross-reference with activities conducted by partners and stakeholders or work of interest to collaborators. Document
contact information for key contacts of collaborators and who is leading each effort.

- Develop realistic, prioritized list of recommendations for implementation with cost estimates, timeframes for implementing recommendations, and task leaders for both SWIPP and WHPP. Provide suggestions for ensuring each action item is met as this has been a challenge in previous plans. Include a section on future outlooks for items that may be better addressed in the 2029 update of this plan. Updates to SWIPP and WHPP should both develop new recommendations and provide updates to recommendations from previous documents while also ensuring implementation plan is realistic.

- Evaluate options for monitoring water quality of the influent to Barton Pond and within the pond. Options should consider monitoring technologies, cost, data acquisition and telemetry, analytical parameters, data management and response planning. Metrics that would necessitate intervention should also be included, with justification for metrics chosen. This effort should leverage existing work such as with Branko Kerkez at University of Michigan on this topic (see [http://www-personal.umich.edu/~bkerkez/](http://www-personal.umich.edu/~bkerkez/) and [https://www.hrwc.org/our-watershed/streamgages/](https://www.hrwc.org/our-watershed/streamgages/) for more information).

- SWIPP update should also include an updated septic tank inventory, CAFO data, and priority 1 site inventory.

2) Develop a public engagement plan in collaboration with City Staff that includes:

- Identify stakeholders using the City of Ann Arbor's Public Engagement toolkit and convene Technical Advisory Committee(s) (See Attachment A for an overview of the toolkit).
  - Conduct active and engaging meetings with the Technical Advisory Committee(s) to include stakeholders in the collaborative endeavor of developing a SWIPP and WHPP. We anticipate regular meetings, such as monthly. The consultant will also provide updates on progress from previous topics and get feedback/validation of recommendations from the group. The Consultant will schedule and facilitate meetings, develop meeting agendas, provide agendas and written progress reports at least one week in advance of meetings, send complete discussion summaries for documentation of each progress meeting within 1 week of the meeting, and incorporate feedback into the Source Water Protection Plan.

- Develop a strategy for engagement and/or outreach with the public at large with City of Ann Arbor's Public Engagement toolkit.
  - Follow all EGLE requirements for encouraging public participation, public education, and outreach for SWIPP and WHPP.
o Develop education and outreach materials (digital, print, and/or social media materials) to reach a diverse audience about the source water protection planning process (such as language for website, social media updates, presentations). Also provide content to post on City’s website when the project is finished that informs the community about the value of source water protection and Ann Arbor’s work in this area.

o Attend, present and record minutes from at least three (3) informational public events to communicate and discuss with the community about Source Water Protection and the recommendations. One of these meetings should be scheduled towards the beginning of the project to discuss the process and previous SWIPP and WHPP, and subsequent meetings should be held towards the end of the project. Format of meetings should be designed to reach a diverse audience, such as using a combination of virtual, in-person, and/or social media platforms.

3) Submit all EGLE required documentation on behalf of the City of Ann Arbor by May 1, 2023 for SWIPP and November 1, 2023 for WHPP.

**Deliverables include:**

1) EGLE approved plan that incorporates all items listed above  
2) A prioritized and realistic timetable for implementation  
3) Minutes and documentation from all meetings  
4) Education and outreach materials (digital and/or print materials)
SECTION III - MINIMUM INFORMATION REQUIRED

PROPOSAL FORMAT

Offerors should organize Proposals into the following Sections:

A. Professional Qualifications
B. Past Involvement with Similar Projects
C. Proposed Work Plan
D. Fee Proposal (include in a separate sealed envelope clearly marked “Fee Proposal”)
E. Authorized Negotiator
F. Attachments

The following describes the elements that should be included in each of the proposal sections and the weighted point system that will be used for evaluation of the proposals.

A. Professional Qualifications – 30 points

1. State the full name and address of your organization and, if applicable, the branch office or other subordinate element that will perform, or assist in performing, the work hereunder. Indicate whether it operates as an individual, partnership, or corporation. If as a corporation, include the state in which it is incorporated. If appropriate, indicate whether it is licensed to operate in the State of Michigan.

2. Include the number of executive and professional personnel by skill and qualification that will be employed in the work. Show where these personnel will be physically located during the time they are engaged in the work. Indicate which of these individuals you consider key to the successful completion of the project. Identify individuals who will do the work on this project by name and title including any, who will be subcontracted to assist you with this project, and the extent of work for which they will be responsible. Resumes or qualifications are required for proposed project personnel who will be assigned to the project. Qualifications and resumes of all subconsultants shall be included.

3. State history of firm, in terms of length of existence, types of services provided, etc. Identify the technical details that make the firm uniquely qualified for this work.

4. Project team personnel experience in drinking water regulatory plans and/or documentation, and public engagement. Public meetings must be facilitated and planned by personnel with expertise and experience in public engagement (i.e., not an engineer who has run a public meeting previously,
but a person with formal training in public engagement). Identify and provide background information on the key personnel who take the most active role(s) in the administration and management of the project. Provide resumes and biographical information on key professionals that will be directly involved in the project. Include the number of years at your firm, total years of experience, and professional licenses and designations (if applicable).

5. State experience with the current state of Michigan drinking water regulations and issues that may affect this project. If inexperienced with Michigan SWIPP/WHPP, review EGLE guidelines and explain how experience from another state will allow the offeror to fulfill EGLE’s requirements.

B. Past Involvement with Similar Projects - 20 points

The written proposal must include a list of specific experience in the project area and indicate proven ability in developing detailed plans and implementing similar projects for the firm and the individuals to be involved in the project. The proposal should also indicate the ability to have projects completed within the budgeted amounts. A summary of related projects with the original deadline and cost estimate versus the actual design completion date and final cost of the design is appropriate with this section. A complete list of client references must be provided for similar projects recently completed. It shall include the firms/agencies name, address, telephone number, project title, and contact person.

C. Proposed Work Plan – 40 points

A detailed work plan should be developed which includes the following:

- A list of all tasks determined to be necessary to accomplish the work detailed in the scope of services with resources, personnel requirements, and fees defined for each task.

- A schedule depicting the sequence and duration of tasks showing how the work will be organized and executed. If the deadlines provided (May 1, 2023 for SWIPP and November 1, 2023 for WHPP) are not feasible, suggest modifications with justification.

- Ideas for incorporation of the One Water approach: The City is working to re-brand its water units and to unite efforts of drinking water treatment and distribution, water resources recovery, and stormwater management under a “One Water” holistic water management approach, with brand rollout planned in Fall 2022. Explain how you would incorporate the One Water approach into SWIPP and WHPP plan development.
• Ideas for incorporation of climate change impacts and climate adaptation strategies. Previous plans did not include climate change impacts. Include in your proposal information about how climate change impacts on water quantity and quality should be addressed in the updated plans.

• Include re-evaluation of delineation areas as separate, optional items in the proposal and fees. As part of the project, the project team will determine whether or not the delineation must be updated and will act accordingly. GIS files for existing plans are not available.

• A description of proposed tasks and deliverable outside of those listed above in Section II if they are believed to be necessary to support the city's objectives. Existing SWIPP and WHPP will be made available to view onsite in person for proposers who wish to provide specific recommendations on what can be re-used and what needs refreshing. No copies may be made nor digital copies provided.

The SWIPP must be completed by May 1, 2023 and WHPP by November 1, 2023.

In the scoring for this section, consultants shall be evaluated on the clarity, thoroughness, and content of their responses to the above items.

D. Fee Proposal - 10 points

Fee quotations shall be submitted in a separate sealed envelope with the proposal. The fee quotation should be broken down separately for each task. Fee quotations are to include the names, title, hourly rates, overhead factors, and any other details by which the overall and project element costs have been derived. The fee quotation is to relate in detail to each item of the proposed work plan, including the proposer-suggested project elements and proposer-suggested contingencies, if any. Consultants shall be capable of justifying the details of the fee proposal relative to personnel costs, overhead, how the overhead rate is derived, material and time.

E. Authorized Negotiator

Include the name, phone number, and e-mail address of persons(s) in your organization authorized to negotiate the agreement with the City.

F. Attachments

Legal Status of Offeror, Conflict of Interest Form, Living Wage Compliance Form, and the Non-Discrimination Form should be returned with the proposal. These elements should be included as attachments to the proposal submission.
PROPOSAL EVALUATION

1. The selection committee will evaluate each proposal by the above-described criteria and point system (A through C) to select a short-list of firms for further consideration. The City reserves the right to reject any proposal that it determines to be unresponsive and deficient in any of the information requested for evaluation. A proposal with all the requested information does not guarantee the proposing firm to be a candidate for an interview. The committee may contact references to verify material submitted by the offerors.

2. The committee then will schedule interviews with the selected firms if necessary. The selected firms will be given the opportunity to discuss in more detail their qualifications, past experience, proposed work plan and fee proposal.

3. The interview must include the project team members expected to complete a majority of work on the project, but no more than six members total. The interview shall consist of a presentation of up to thirty minutes (or the length provided by the committee) by the offeror, including the person who will be the project manager on this contract, followed by approximately thirty minutes of questions and answers. Audiovisual aids may be used during the oral interviews. The committee may record the oral interviews.

4. The firms interviewed will then be re-evaluated by the above criteria (A through D), and adjustments to scoring will be made as appropriate. After evaluation of the proposals, further negotiation with the selected firm may be pursued leading to the award of a contract by City Council, if suitable proposals are received.

The City reserves the right to waive the interview process and evaluate the offerors based on their proposals and fee schedules alone and open fee schedules before or prior to interviews.

The City will determine whether the final scope of the project to be negotiated will be entirely as described in this RFP, a portion of the scope, or a revised scope.

Work to be done under this contract is generally described through the detailed specifications and must be completed fully in accordance with the contract documents.

Any proposal that does not conform fully to these instructions may be rejected.

PREPARATION OF PROPOSALS

Proposals should have no plastic bindings but will not be rejected as non-responsive for being bound. Staples or binder clips are acceptable. Proposals should be printed double sided on recycled paper. Proposals should not be more than 30 sheets (60 sides), not including required attachments and resumes.

Each person signing the proposal certifies that they are a person in the offeror's firm/organization responsible for the decisions regarding the fees being offered in the Proposal and has not and will not participate in any action contrary to the terms of this provision.
ADDENDA

If it becomes necessary to revise any part of the RFP, notice of the addendum will be posted to Michigan Inter-governmental Trade Network (MITN) www.mitn.info and/or the City of Ann Arbor web site www.A2gov.org for all parties to download.

Each offeror must acknowledge in its proposal all addenda it has received. The failure of an offeror to receive or acknowledge receipt of any addenda shall not relieve the offeror of the responsibility for complying with the terms thereof. The City will not be bound by oral responses to inquiries or written responses other than official written addenda.

C. Contractor acknowledges that, if this Agreement extends for several fiscal years, continuation of this Agreement is subject to appropriation of funds for this Project. If funds to enable the City to effect continued payment under this Agreement are not appropriated or otherwise made available, the City shall have the right to terminate this Agreement without penalty at the end of the last period for which funds have been appropriated or otherwise made available by giving written notice of termination to Contractor. D. The provisions of Articles VI and VIII shall survive the expiration or earlier termination of this Agreement for any reason. The expiration or termination of this Agreement, for any reason, shall not release either party from any obligation or liability to the other party, including any payment obligation that has already accrued and Contractor’s obligation to deliver all Deliverables due as of the date of termination of the Agreement.

XII. REMEDIES

A. This Agreement does not, and is not intended to, impair, divest, delegate or contravene any constitutional, statutory and/or other legal right, privilege, power, obligation, duty or immunity of the Parties.

C. Absent a written waiver, no act, failure, or delay by a Party to pursue or enforce any rights or remedies under this Agreement shall constitute a waiver of those
rights with regard to any existing or subsequent breach of this Agreement. No waiver of any term, condition, or provision of this Agreement, whether by conduct or otherwise, in one or more instances, shall be deemed or construed as a continuing waiver of any term, condition, or provision of this Agreement.
