| Addendum #3     | See specific questions from Addendum #3 and updated answers below.  
|                 | NOTE: It is the City’s intent to replace the answers to these questions as originally provided in Addendum #3 with the answers provided herein. |
**Question #10:** Is there a reason that the MRF and transfer station need to be opened on Saturdays 7:00 a.m. to 11:30 a.m. during non-holiday weeks, especially if only city tons will be accepted? Will the city-operated scalehouse be staffed during this time? If so, for what purpose? If not, what is the necessity for the facility operator to be “working” on-site?

**Updated Answer to Question #10:** It has been the City’s past experience that the Operator of the MRF/Transfer Station has needed the additional hours to process materials, thus the stated hours included in the RFP. However, proposers may propose a work plan that includes alternate work hours, and doesn’t require Saturdays on non-holiday weeks. The Transfer Station and MRF must be operational for a full workday on the Saturday following a City designated holiday. City designated holidays are Memorial Day, July 4, Labor Day, Thanksgiving and Christmas. The scalehouse is open all day on Saturday of City designated holiday weeks. In addition, the scalehouse is open on Saturdays from 8-12 during non-holiday weeks April, May and June only. All shipments entering and leaving the MRF/Transfer Station must be during hours the scalehouse operator is in attendance.

**Question #23:** Confirmation that the City will continue to be responsible for:
- Utilities
- Janitorial and Housekeeping
- Lawn mowing/snow removal
- Property and Ground Maintenance
- Storm Water Management

**Updated Answer to Question #23:** The City will be responsible for the utilities, cleaning of the bathrooms at the MRF/Transfer Station once a week, lawn mowing, storm water management. The contractor is responsible for snow removal and maintenance of the grounds, e.g. outside housekeeping, as it is tied to operations.
