

AM I A PART OF THE CIRCULAR ECONOMY?

HAVE YOU...		
	Donated clothing to a thrift store?	
	Bought something from a reuse store?	
	Repaired something instead of buying new?	
	Mended your clothes?	
	Borrowed something instead of buying it new?	
	Sold something you were done with instead of throwing it away?	
	Bought produce from local farmers?	
	Rented power tools from a hardware store?	
	Composted food scraps or yard waste?	
	Shopped at a bulk or refill store?	
	Decided to forego a purchase?	

If you answered yes to any of the above actions,

Congratulations you are already a part of the Circular Economy!
