Meeting Norms

• Commit to learning and avoid speculation – we encourage you to ask questions so that we can explore the topics together.

• When speaking over the phone, please move to a quiet area and silence any background sounds. We want to hear what you are saying.

• Please remember the importance of rights and the dignity of others. With that, we ask that you:
  • Critique ideas, not people.
  • Are thoughtful about your language so this can be a comfortable and respectful forum for all participants - inappropriate written and/or verbal comment or language, including personal attacks and accusations, will result in the attendee being removed from the meeting.

Is there anything else anyone would like to add?
