

NORTH SEVENTH STREET - HURON ST. TO MILLER AVE.

DRAFT CONCEPT #3

- Bike Lane and Buffer - West and East Side
- Remove All Parking

Draft concepts are subject to change pending additional engineering analysis, public input, stakeholder feedback (including MDOT) and other considerations. The implementation timeframe for the selected improvement will depend on its complexity, cost, and required approvals.

Concept 3 - Considerations:

- Technical feasibility has not yet been determined for this concept as shown;
- MDOT approval may be required for changes to vehicle turn lanes;
- This concept could be pursued with bike lane tapers as shown in concept 1 and 2;
- Mid-term implementation timeframe.
