

Sustainable Energy Utility (SEU)

- In person interviews will take place this week with SEU Executive Director candidates. The goal is to make an offer to our top candidate early in July.
- A request for proposals (RFP) is being prepared for a rate firm to join the SEU team. Once finalized, the RFP will be posted on the City's procurement [website](#).
- Work is slowly moving forward regarding the hosting of SEU open houses for contractors, vendors, and product manufacturers interested in working with the SEU. If you have recommendations on firms to invite to these events, please email sustainability@a2gov.org.
- Special thanks to Ann Arborite Peter for hosting an SEU neighborhood meeting in his home at part of A²ZERO week. To learn more about how you can convene neighbors to discuss the SEU, send a note to sustainability@a2gov.org.
- More details about the SEU can be found at www.a2gov.org/a2seu.

Notable Sustainability Updates

- AAPS and OSI are hosting a Geothermal Open-House, June 30th, 4 – 5:30PM at Mitchell Elementary. Join us to get to know more about what geothermal is, how it works, and see a rig in operation!
- The Ann Arbor Green Rental Housing Ordinance passed on June 16th with implementation to begin in 6 months. If you're a renter or rent property in the City, learn more about the the [Green Rental Housing Ordinance on the City's website](#).
- The City of Ann Arbor has been named to the 2024 CDP A List, the top status available from the largest global independent environmental disclosure system. Ann Arbor is only one of 29 US cities to receive an A!
- Ann Arbor one of two cities to receive Platinum Status from the Michigan Green Communities Challenge for local sustainability work.
- If you haven't yet, check out our Home Energy Rebates: osi.a2gov.org/rebates.
