Q20: Why was the farmers market office building demolished?

Q21: What are the next steps after the office building is demolished?

A21: While the demolition of the office building is unplanned, the community has been presented with a unique opportunity to re-envision the future of the farmers market. Following the demolition of the market office building, we will be embarking on a study of the market, looking holistically at the farmers market site, allowing us to plan and make decisions that will support the future of the farmers market. Our study will involve extensive community engagement, considering the needs and wants of the community, market vendors and stakeholders. This process is anticipated to start later in 2025.

Q22: I have other general market-related questions or comments. Who should I contact?

A22: Contact the Market Manager, Stefanie T. Stauffer, PhD. at SStauffer@a2gov.org. During market, Stefanie can be reached at (734) 794-6255 or in-person at the market office.
