

VEHICLE EMERGENCY KIT

Having an emergency kit in your car is essential for safety and preparedness during unexpected situations, such as breakdowns, severe weather, or road accidents. It ensures you have access to essential items like food, water, tools, and first aid supplies, helping you stay safe and self-sufficient until help arrives. A well-stocked car kit can be a lifesaver, especially when traveling in remote areas or during emergencies.

- A small battery or crank-powered radio and extra batteries
- Flashlight with extra batteries
- Mobile phone charger
- Windshield scraper
- Blanket and extra clothes
- Tire repair kit and pump
- Important contact phone numbers
- Deicer and extra antifreeze
- Sand or kitty litter to use for traction in case stuck in snow or ice
- "Call Police" or "Help" sign
- Jumper cables
- Tow chain or rope
- Fire extinguisher
- Maps
- Shovel
- Flares
- First aid kit
- Bottled water and nonperishable, high-energy foods (granola bars, canned nuts, raisins, etc.)
