

## Sustainable Energy Utility (SEU)

March 2025 saw notable advancements in the SEU's creation, including:

- The job description for the SEU Executive Director is finalized and should be posted on the City's website this week.
- The SEU ordinance, a document outlining governance and administrative elements of the SEU, passed first reading at City Council on March 17, 2025. The second reading of the Ordinance, is slated for April 7, 2025.
- A grant was submitted to the Municipal Investment Fund to secure funding and technical assistance to support the launch of the SEU.
- A series of meetings have commenced with internal City departments regarding how they can support the SEU in its creation.
- Work has begun on a community engagement plan to help keep the public up to date on SEU developments.
- City staff are meeting with potential external financiers to identify possible seed funding to launch the first capital purchase for the SEU.
