1. Public Comment meetings on historic design guidelines

Discussion was held to determine appropriate dates for meetings about the design guidelines. It was suggested that perhaps the Old West Side would be interested in hosting one of the meetings in conjunction with their spring meeting. Two dates were suggested, May 17 and May 23. Staff will contact the Old West Side Association to explore this further.

2. Design Guidelines - Review of Roofs, Landscape

The committee reviewed and staff received comments from committee members on the draft guidelines developed so far. Illustrations and revisions are needed. Additional sections were distributed for review.

3. Next meetings

The Historic Advisory Committee will meet at 5 PM in the 6<sup>th</sup> floor conference room of City Hall on the following dates:

March 8, March 22  
April 12, April 26
