

### Sustainable Energy Utility (SEU)

- This biweekly update is a bit shorter as a great deal of time has been invested in moving the recruitment process for the first SEU Executive Director forward. We hope to start candidate interviews in mid-June with the goal of making an offer in mid-summer.
- Work to organize and host SEU open houses for contractors, vendors, and product manufacturers interested in working with the SEU continues. If you have recommendations on firms to invite to these events, please email [sustainability@a2gov.org](mailto:sustainability@a2gov.org).
- A community-wide Sustainability Forum on the Sustainable Energy Utility is being held on Thursday, May 29<sup>th</sup> from 6pm–7:30pm at the Downtown District Library. Join us to ask your questions and learn more about how SEU development is unfolding. All are welcome!
- More details about the SEU can be found at [www.a2gov.org/a2seu](http://www.a2gov.org/a2seu).
