The membership of the historic district commission in a local unit having a population of less than 5,000 individuals shall consist of not less than 5 or more than 7 members. A majority of the members shall have a clearly demonstrated interest in or knowledge of historic preservation. The members shall be appointed by the

township supervisor, village president, mayor, or chairperson of the board of commissioners, unless another method of appointment is provided in the ordinance creating the commission. Initial members shall be appointed within 6 months after the ordinance establishing the commission is enacted. Members shall be appointed for 3-year terms except the initial appointments of some of the members shall be for less than 3 years so that the initial appointments are staggered and that subsequent appointments do not recur at the same time. Members shall be eligible for reappointment. A vacancy on the commission shall be filled within 60 calendar days by an appointment made by the appointing authority. The ordinance creating the commission may provide procedures for terminating an appointment due to the acts or omissions of the member. The appointing authority of a local unit having a population of 25,000 or more individuals shall appoint at least 2 members from a list of citizens submitted by 1 or more duly organized local historic preservation organizations. A local unit having a population of more than 5,000 individuals but less than 25,000 individuals shall appoint at least 1 member from a list of citizens submitted by 1 or more duly organized local historic preservation organizations. The commission of all local units shall include as a member, if available, a graduate of an accredited school of architecture who has 2 years of architectural experience or who is an architect registered in this state. No. 2009-26, compiled at MCL 399.752.

For transfer of powers and duties of the state historic preservation office relating to the identification, certification, and preservation of historical sites from the Michigan state housing development authority to the Michigan strategic fund, see E.R.O. No. 2019-3, compiled at MCL 125.1998.

399.205 Permit required; completed application; certificate of appropriateness or notice to proceed; issuance; permit fee; appeal to review board and circuit court; plan review standards, guidelines, and considerations; scope of review; preservation plan; approval; conditions; public meeting; availability of writings to public; rules of procedure; approval of minor work; finding of demolition by neglect; restoration or modification of work done without permit.

Sec. 5. (1) A permit shall be obtained before any work affecting the exterior appearance of a resource is performed within a historic district or, if required under subsection (4), work affecting the interior arrangements of a resource is performed within a historic district. The person, individual, partnership, firm, corporation, organization, institution, or agency of government proposing to do that work shall file an application for a permit with the inspector of buildings, the commission, or other duly delegated authority. If the inspector of buildings or other authority receives the application, the application shall be immediately referred together with all required supporting materials that make the application complete to the commission. A permit shall not be issued and proposed work shall not proceed until the commission has acted on the application by issuing a certificate of appropriateness or a notice to proceed as prescribed in this act. A commission shall not issue a certificate of appropriateness unless the applicant certifies in the application that the property where work will be undertaken has, or will have before the proposed project completion date, a fire alarm system or a smoke alarm complying with the requirements of the Stille-DeRossett-Hale single state construction code act, 1972 PA 230, MCL 125.1501 to 125.1531. A local unit may charge a reasonable fee to process a permit application.

(2) An applicant aggrieved by a decision of a commission concerning a permit application may file an appeal with the state historic preservation review board within the department. The appeal shall be filed within 60 days after the decision is furnished to the applicant. The appellant may submit all or part of the appellant's evidence and arguments in written form. The review board shall consider an appeal at its first regularly scheduled meeting after receiving the appeal, but may not charge a fee for considering an appeal. The review board may affirm, modify, or set aside a commission's decision and may order a commission to issue a certificate of appropriateness or a notice to proceed. A permit applicant aggrieved by the decision of the state historic preservation review board may appeal the decision to the circuit court having jurisdiction over the historic district commission whose decision was appealed to the state historic preservation review board.

(3) In reviewing plans, the commission shall follow the United States secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 C.F.R. part 67. Design review standards and guidelines that address special design characteristics of historic districts administered by

the commission may be followed if they are equivalent in guidance to the secretary of interior's standards and guidelines and are established or approved by the department. The commission shall also consider all of the following:

(a) The historic or architectural value and significance of the resource and its relationship to the historic value of the surrounding area.

(b) The relationship of any architectural features of the resource to the rest of the resource and to the surrounding area.

(c) The general compatibility of the design, arrangement, texture, and materials proposed to be used.

(d) Other factors, such as aesthetic value, that the commission finds relevant.

(e) Whether the applicant has certified in the application that the property where work will be undertaken has, or will have before the proposed project completion date, a fire alarm system or a smoke alarm complying with the requirements of the Stille-DeRossett-Hale single state construction code act, 1972 PA 230, MCL 125.1501 to 125.1531.

(4) The commission shall review and act upon only exterior features of a resource and, except for noting compliance with the requirement to install a fire alarm system or a smoke alarm, shall not review and act upon interior arrangements unless specifically authorized to do so by the local legislative body or unless interior work will cause visible change to the exterior of the resource. The commission shall not disapprove an application due to considerations not prescribed in subsection (3).

(5) If an application is for work that will adversely affect the exterior of a resource the commission considers valuable to the local unit, state, or nation, and the commission determines that the alteration or loss of that resource will adversely affect the public purpose of the local unit, state, or nation, the commission shall attempt to establish with the owner of the resource an economically feasible plan for preservation of the resource.

(6) Work within a historic district shall be permitted through the issuance of a notice to proceed by the commission if any of the following conditions prevail and if the proposed work can be demonstrated by a finding of the commission to be necessary to substantially improve or correct any of the following conditions:

(a) The resource constitutes a hazard to the safety of the public or to the structure's occupants.

(b) The resource is a deterrent to a major improvement program that will be of substantial benefit to the community and the applicant proposing the work has obtained all necessary planning and zoning approvals, financing, and environmental clearances.

(c) Retaining the resource will cause undue financial hardship to the owner when a governmental action, an act of God, or other events beyond the owner's control created the hardship, and all feasible alternatives to eliminate the financial hardship, which may include offering the resource for sale at its fair market value or moving the resource to a vacant site within the historic district, have been attempted and exhausted by the owner.

(d) Retaining the resource is not in the interest of the majority of the community.

(7) The business that the commission may perform shall be conducted at a public meeting of the commission held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. A meeting agenda shall be part of the notice and shall include a listing of each permit application to be reviewed or considered by the commission.

(8) The commission shall keep a record of its resolutions, proceedings, and actions. A writing prepared, owned, used, in the possession of, or retained by the commission in the performance of an official function shall be made available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(9) The commission shall adopt its own rules of procedure and shall adopt design review standards and guidelines for resource treatment to carry out its duties under this act.

(10) The commission may delegate the issuance of certificates of appropriateness for specified minor classes of work to its staff, to the inspector of buildings, or to another delegated authority. The commission shall provide to the delegated authority specific written standards for issuing certificates of appropriateness under this subsection. On at least a quarterly basis, the commission shall review the certificates of appropriateness, if any, issued for work by its staff, the inspector, or another authority to determine whether or not the delegated responsibilities should be continued.

(11) Upon a finding by a commission that a historic resource within a historic district or a proposed historic district subject to its review and approval is threatened with demolition by neglect, the commission may do either of the following:

(a) Require the owner of the resource to repair all conditions contributing to demolition by neglect.

(b) If the owner does not make repairs within a reasonable time, the commission or its agents may enter the

property and make such repairs as are necessary to prevent demolition by neglect. The costs of the work shall be charged to the owner, and may be levied by the local unit as a special assessment against the property. The commission or its agents may enter the property for purposes of this section upon obtaining an order from the circuit court.

(12) When work has been done upon a resource without a permit, and the commission finds that the work does not qualify for a certificate of appropriateness, the commission may require an owner to restore the resource to the condition the resource was in before the inappropriate work or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply with the restoration or modification requirement within a reasonable time, the commission may seek an order from the circuit court to require the owner to restore the resource to its former condition or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply or cannot comply with the order of the court, the commission or its agents may enter the property and conduct work necessary to restore the resource to its former condition or modify the work so that it qualifies for a certificate of appropriateness in accordance with the court's order. The costs of the work shall be charged to the owner, and may be levied by the local unit as a special assessment against the property. When acting pursuant to an order of the circuit court, a commission or its agents may enter a property for purposes of this section.

399.207 Historic resource; acquisition by local legislative body.

Sec. 7. If all efforts by the historic district commission to preserve a resource fail, or if it is determined by the local legislative body that public ownership is most suitable, the local legislative body, if considered to be in the public interest, may acquire the resource using public funds, public or private gifts, grants, or proceeds from the issuance of revenue bonds. The acquisition shall be based upon the recommendation of the commission or standing committee. The commission or standing committee is responsible for maintaining publicly owned resources using its own funds, if not specifically designated for other purposes, or public funds committed for that use by the local legislative body. Upon recommendation of the commission or standing committee, the local unit may sell resources acquired under this section with protective easements included in the property transfer documents, if appropriate.

The overall historic preservation plans of cities, villages and townships shall be submitted to the county historic district commission for review, and county plans submitted to cities, villages, and townships having historic district commissions. The failure of the commission to act within 60 calendar days after the date a complete application is filed with the commission, unless an extension is agreed upon in writing by the applicant and the commission, shall be considered to constitute approval.

(2) Local public officials and employees shall provide information and records to committees, commissions, and standing committees, and shall meet with those bodies upon request to assist with their activities.

The legislative body may extend the emergency moratorium for an additional period not to exceed 6 months upon finding that the threat of irreparable harm to resources is still present. Overview of the Michigan Open Meetings Act

1976 PA 267

Basic intent

The basic intent of the Michigan Open Meetings Act is to strengthen the right of all Michigan citizens to know what goes on in government by requiring public bodies to conduct nearly all business at open meetings.

Key definitions

“Public body” means any state or local legislative or governing body, including a board, commission, committee, subcommittee, authority or council, which is empowered by state constitution, statute, charter, ordinance, resolution or rule to exercise governmental or proprietary authority or perform a governmental or proprietary function, or a lessee thereof performing an essential public purpose and function pursuant to the lease agreement.

“Meeting” means the convening of a public body at which a quorum is present for the purpose of deliberating toward or rendering a decision on a public policy.

“Closed session” means a meeting or part of a meeting of a public body which is closed to the public.

“Decision” means a determination, action, vote or disposition upon a motion, proposal, recommendation, resolution, order, ordinance, bill or measure on which a vote by members of a public body is required and by which a public body effectuates or formulates public policy.

Coverage

The coverage of the law is very broad, including the State Legislature as well as the legislative or governing bodies of all cities, villages, townships, charter townships and all county units of government.

The law also applies to:

- local and intermediate school districts;
- governing boards of community colleges, state colleges and universities; and
- special boards and commissions created by law (i.e., public hospital authorities, road commissions, health boards, district library boards and zoning boards, etc.).

The act does not apply to a meeting of a public body which is a social or chance gathering not designed to avoid the law.

Notification of meetings

The law states that within 10 days of the first meeting of a public body in each calendar or fiscal year, the body must publicly post a list stating the dates, times and places of all its regular meetings at its principal office.

If a public body does not have a principal office, the notice would be posted in the office of the county clerk for a local public body such as a village council or the office of the Secretary of State for a state public body.

If there is a change in schedule, within three days of the meeting in which the change is made, the public body must post a notice stating the new dates, times and places of regular meetings.

Special and irregular meetings

For special and irregular meetings, public bodies must post a notice indicating the date, time and place at least 18 hours before the meetings.

Note: A regular meeting of a public body, which is recessed for more than 36 hours, can only be reconvened if a notice is posted 18 hours in advance.

Emergency meetings

Public bodies may hold emergency sessions without a written notice or time constraints if the public health, safety or welfare is imminently and severely threatened and if two-thirds of the body's members vote to hold the emergency meeting.

Individual notification of meetings by mail

Citizens can request that public bodies put them on a mailing list so that they are notified in advance of all meetings. Section 6 of the law states that:

“Upon the written request of an individual, organization, firm or corporation, and upon the requesting party's payment of a yearly fee of not more than the reasonable estimated cost for printing and postage of such notices, a public body shall send to the requesting party by first-class mail, a copy of any notice required to be posted . . .”.

In addition, upon written request, public bodies are required to send free notices of meetings to newspapers, radio and television stations at the same time that they are required to post those notices.

Closed meetings

The basic intent of the OMA is to ensure that public business is conducted in public. The act states “all meetings of a public body shall be open to the public and shall be held in a place available to the general public”

(MCL 15.263). However, the act does provides for closed meetings in a few specified circumstances.

For instance, a closed meeting **may** be called by a **2/3 roll call vote** of members elected or appointed and serving for the following purposes:

- to consider the purchase or lease of real property;
- to consult with its attorney about trial or settlement strategy in pending litigation, but only when an open meeting would have detrimental financial effect on the public body's position;
- to review the contents of an application for employment or appointment to a public office if the candidate requests the application to remain confidential. However, all interviews by a public body for employment or appointment to a public office have to be conducted in an open meeting except meetings held in the search process for a president of an institute of higher education under section 4, 5 or 6 of article VIII of the state constitution of 1963 that meet all the requirements of Section 8 (j) of the act; and
- to consider material exempt from discussion or disclosure by state or federal statute.

In addition, a closed meeting **may** be called by a **majority vote** of members elected or appointed and serving for these purposes:

- to consider the dismissal, suspension or disciplining of, or to hear complaints or charges brought against a public officer, employee, staff member or individual if the person requests a closed hearing;
- for strategy and negotiation sessions necessary in reaching a collective bargaining agreement if either party requests a closed hearing.

The purpose for which a closed meeting is being called must be entered into the minutes at the meeting at which the vote was taken.

Minutes of a meeting

Minutes must be kept for all meetings and are required to contain:

1. a statement of the time, date and place of the meeting;
2. the members present as well as absent;
3. a record of any decisions made at the meeting and a record of all roll call votes; and
4. an explanation of the purpose(s) if the meeting is a closed session.

Except for minutes taken during a closed session, all minutes are considered public records, open for public inspection, and must be available for review as well as copying at the address designated on the public notice for the meeting.

Proposed minutes must be available for public inspection within eight business days after a meeting. Approved minutes must be available within five business days after the meeting at which they were approved.

Corrections in the minutes must be made no later than the next meeting after the meeting to which the minutes refer. Corrected minutes must be available no later than the next meeting after the correction and must show both the original entry and the correction.

Explanation of minutes of closed meeting

Minutes of closed meetings must also be recorded although they are not available for public inspection and would only be disclosed if required by a civil action. These minutes may be destroyed one year and one day after approval of the minutes of the regular meeting at which the closed session was approved.

Enforcement of the act

Under the law, the attorney general, prosecutor or any citizen can challenge in circuit court the validity of a decision of a public body to meet in closed session made in violation of its provisions. If the body is determined to be in violation of the law and makes a decision, that decision can be invalidated by the court.

In any case where an action has been initiated to invalidate a decision of a public body, the public body may reenact the disputed decision in conformity with the act. A decision reenacted in this manner shall be effective from the date of reenactment and will not be declared invalid by reason of a deficiency in the procedure used for its initial enactment.

Penalties under the act

The first time a public official intentionally breaks this law, he or she can be punished by a maximum fine of \$1,000. For a second offense within the same term of office, the official can be fined up to \$2,000, jailed for a maximum of one year or both. A public official who intentionally violates the act is also personally liable for actual and exemplary damages up to \$500, plus court costs and attorney fees.

The Michigan Open Meetings Act (OMA) provides that all meetings of a public body shall be open to the public and be held in a place available to the general public. (MCL 15.261 et seq.) The OMA also provides, however, for those situations in which a public body may meet in closed or executive session. (MCL 15.268) This discussion is limited to the minutes taken during a closed session and assumes that the public body met in a properly closed session.

Are minutes required to be taken?

Yes. The OMA requires that a separate set of minutes shall be taken at the closed session. According to an opinion of the Michigan attorney general, the minutes must reflect the date, time, place, members present and absent, and purpose of the closed session. (OAG No. 6817)

Who may take the minutes?

The clerk or designated secretary of the public body.

Are the minutes available to the public?

No. The minutes may only be disclosed if required by court order in a civil action filed in accordance with MCL 15.270, 15.271 or 15.273. OAG No. 6353 provides that disclosure may not be made even if the person requesting the closed session subsequently waives or withdraws the request and consents to disclosure.

Who approves the minutes? When?

The public body. The public body may meet in closed session to approve the minutes of a closed session if that decision is made in an open session of the public body.

May the minutes be destroyed?

The minutes may be destroyed one year and one day after approval of the minutes of the regular meeting at which the closed session was approved.

Are the minutes subject to the Michigan freedom of information act?

The minutes of a closed session are exempt from disclosure under the Michigan freedom of information act unless required by court order in accordance with the open meetings act.
