

ADDENDUM NO. 1
TO
RFP NO.910
REQUEST FOR PROPOSALS FOR CELL TOWER/ WIRELESS COMMUNICATIONS
SITE MANAGEMENT SERVICES

The following changes, additions, and/or deletion shall be made to RFP No. 910, Cell Tower/ Wireless Communications Site Management Services.

The information contained herein shall take precedence over the original documents and is appended thereto.

The Consultant is to acknowledge receipt of this Addendum No. 1 in their proposal submission.

Please note the following clarifications/changes:

1. The total annual revenue from the City's cell contracts for Fiscal Year 2014 was \$489,676. This included payments on 15 separate license agreements. Currently there are 14 active license agreements.
2. Replace Section III, D.,2. with the following:
The fee proposed must include the total estimated cost for one year of service. The City welcomes alternative fee models for its consideration and does not have any pre-conceived notions on how the consultant will be compensated for their services. This total may be adjusted after negotiations with the City and prior to signing a formal contract, if justified. A sample of the required City/Respondent agreement form is included as Attachment A in Section IV of this RFP.
3. The City has extended the deadline to submit questions and requests for clarification to Monday, August 4 by 12:00 PM (noon).
4. The City has extended the proposal due date to Thursday, August 21; 2:00 PM.
5. The previously identified interview dates of August 11 or August 15 are no longer applicable; dates will be determined in coordination with consultants selected for an interview.
