

Community Participation Invitation

PROJECT INFORMATION

The Ann Arbor Community Land Trust owns 225 & 235 S. Wagner and plans to build four small affordable homes to be sold to critical employees of the anchor institutions that support the community. Current zoning allows A2CLT to build a primary home and a 600 sf accessory dwelling unit on each lot. A2CLT is requesting rezoning to R2A in order to be able to build second units at 800sf instead of 600sf (pictured to the right). Learn more about A2CLT at www.A2CLT.org, email Info@A2CLT.org, or call 734-709-5699.
