Please consider contacting several plumbers before deciding which to use. You may elect to use a plumber not on the above list; however, that plumber must be certified to test in the state of Michigan.

To test in Michigan the tester must be a [master plumber, journey plumber, or apprentice plumber working under direct supervision of a journey plumber or master plumber](#) and have a valid [ASSE 5110 certification](#).

*If you're a backflow certified plumber & would like to be added to this list, contact Backflow@s2gov.org.
