Depending on applicable law and regulations, some contracts may be awarded on the recommendation of the City Administrator after full disclosure, where such action is allowed by law, if demonstrated competitive pricing exists and/or it is determined the award is in the best interest of the City. If a proposer contacts a City Service Area/Unit and indicates a desire to protest an award, the Service Area/Unit shall refer the proposer to the Purchasing Manager. The Purchasing Manager will provide the proposer with the appropriate instructions for filing the protest. SECTION II - SCOPE OF SERVICES

The City of Ann Arbor is seeking to conduct energy audits at multiple municipal facilities and is soliciting qualified responses. Respondents should have demonstrated experience with the municipal sector in providing basic, comprehensive and investment-grade energy audits and making and implementing recommended energy conservation measures (ECMs), including preparing investment payback/returns of proposed improvements.

ASHRAE Level II equivalent audits should be performed and respondents should provide a per square foot cost to perform facility audits or a similar rate basis cost, rather than a lump sum estimate, as the full number of facilities involved in this project is to be determined and the duration of work may be multi-year or multi-phase. Respondents should indicate if their proposed price holds for one or multiple years, as preference will be given to those honoring prices for multiple years. Between 10-15 facilities are expected to undergo audits now, ranging from 3,000 square feet to over 50,000 square feet facilities, or as much as 150,000 square feet in total (see table on next page).

The final energy audit evaluation(s) presented should also, where possible, identify and distinguish the contributing energy demand loads among existing equipment and systems in a manner clearly indicating the proportionate usage among each as a share of the facility as a whole. Audits should detail alternatives for optimizing use of existing systems where possible, as well as full details on justifiable upgrades.

To the extent possible, building operators will be available to summarize daily usage patterns of facilities, and utility bill history will be provided as well as other obtainable information on facilities, though records and information per site will vary.

Final ECM recommendations should also delineate cost savings opportunities through DTE Energy Optimization (EO) programs, rebates, and all other available incentives for municipalities. Knowledge and applicability of distributed energy (e.g., solar) applicability for sites should also be coupled with conservation, and efficiency recommendations.

Additionally, respondents should provide the following:

- Qualifications of involved workforce. Provide all applicable industry certifications and accreditations (e.g., BPI, CEA, CBCP) and as further detailed in SECTION III Professional Qualifications
- Schedule of Work. **The selected vendor must complete all work before June 30, 2017.**
- 3 References, emphasizing Municipal projects

No representation or guarantee is made concerning ultimate quantity of work and the City will retain the right to not proceed on any grounds during the course of the RFP process prior to selection.

PROPOSAL EVALUATION

The City reserves the right to not consider any proposal which it determines to be unresponsive and deficient in any of the information requested for evaluation. A proposal with all the requested information does not guarantee the proposing firm to be a candidate for further consideration. The City may contact references to verify material submitted by the Respondents.

Interviews with the selected firms will be scheduled if deemed necessary by the City. At the interviews, the selected firms will be given the opportunity to discuss in more detail their qualifications, past experience, proposed work plan, and fee proposal. The interview must include the project team members expected to complete a majority of work on the project. The interview shall consist of a presentation of up to thirty (30) minutes by the Respondent, including the person who will be the project manager on this Contract, followed by up to forty-five (45) minutes of questions and answers. Audiovisual aids may be used during the oral interviews. The oral interviews may be recorded on tape by the Evaluation Team.

The firms interviewed will then be re-evaluated by the above criteria (A through D), and adjustments to scoring will be made as appropriate. After evaluation of the proposals, further negotiation with the selected firm may be pursued leading to the award of a contract by City Council, if suitable proposals are received.

The City reserves the right to not consider any proposal which is determined to be unresponsive and deficient in any of the information requested for evaluation. The City reserves the right to waive the interview process and evaluate Offerors based on their proposals and fee schedules alone and open fee schedules before or prior to interviews.

The City will determine whether the final scope of the project to be negotiated will be entirely as described in this Request for Proposal, a portion of the scope, or a revised scope.

Proposals should have no plastic bindings but will not be rejected as non-responsive for being bound. Staples or binder clips are acceptable. ADDENDA

If it becomes necessary to revise any part of the RFP, notice of the addendum will be posted to Michigan Inter-governmental Trade Network (MITN) www.mitn.info and/or the City of Ann Arbor web site www.A2gov.org for all parties to download.

Each consultant must acknowledge in its proposal all addenda it has received. The failure of a consultant to receive or acknowledge receipt of any addenda shall not relieve the consultant of the responsibility for complying with the terms thereof. The City will not be bound by oral responses to inquiries or written responses other than official written addenda.

XII. REMEDIES

- A. This Agreement does not, and is not intended to, impair, divest, delegate or contravene any constitutional, statutory and/or other legal right, privilege, power, obligation, duty or immunity of the Parties.
- B. All rights and remedies provided in this Agreement are cumulative and not exclusive, and the exercise by either party of any right or remedy does not preclude the exercise of any other rights or remedies that may now or subsequently be available at law, in equity, by statute, in any agreement between the parties or otherwise.

No waiver of any term, condition, or provision of this Agreement, whether by conduct or otherwise, in one or more instances, shall be deemed or construed as a continuing waiver of any term, condition, or provision of this Agreement.
